

# Book Bustle

KATIE PERKINS, BLOGGER

## About Me

- Reads more than 250 books per year
- Too many hobbies to count
- Passionate about baking
- Has a wonderful husband and an 8 year old son

## Why work with me?

I established Book Bustle in Spring 2020 as a way to express myself creatively. I'd previously done some creative writing, but found I had more of a knack for reviewing other people's writing. Book Bustle was founded on the idea that every book can be good and people have different tastes. Rather than being overly critical, Book Bustle's reviews look for the good in a book and we have a soft spot for indie authors.
